

RADEN MAURIN SIMANJUNTAK

Tender & Procurement Specialist — Barang/Jasa

Oil & Gas | EPC | BUMN Procurement Projects

☎ 0811-1802-594 ✉ radenmaurin@gmail.com 📍 Jakarta, Indonesia [in linkedin.com/in/raden-s-37641712a](https://www.linkedin.com/in/raden-s-37641712a)

PROFESSIONAL SUMMARY

Tender & Procurement professional with 8+ years of hands-on experience managing end-to-end tender and procurement of goods/services (pengadaan barang/jasa) in the Oil & Gas and Energy sectors, with a cumulative tender/procurement portfolio exceeding IDR 255 billion in contract wins across 200+ tenders (~20% win rate). Skilled in tender document preparation, bid evaluation, TKDN calculation and compliance, vendor/supplier coordination, contract administration, and legal review coordination for projects tied to Pertamina Hulu Energi ONWJ and Pertamina Patra Niaga. BNSP-certified Ahli K3 Umum and ISO Internal Auditor, with strong governance, risk control, and cross-functional stakeholder management capability across multi-project procurement environments.

CORE COMPETENCIES

Tender Management

End-to-end tender preparation, RFQ/RFP documentation, bid evaluation, and submission compliance

TKDN & Regulatory Compliance

TKDN calculation, local content compliance, SKK Migas/Pertamina procurement regulations

Risk & Cost Control

Cost, delay, and quality risk analysis with corrective action tracking

Document Control

Tender & procurement document lifecycle, version control, DMS implementation

Procurement & Vendor Coordination

Vendor/supplier sourcing, negotiation support, purchase order & contract administration

Contract Administration

Contract drafting review, terms tracking, legal coordination, obligation monitoring

PMO & Governance

Project/tender tracking systems, dashboard reporting, multi-project monitoring

Tools & Systems

Notion, Monday.com, MS Project, SQL, Python (basic), ERP procurement modules

PROFESSIONAL EXPERIENCE

Business Support Supervisor — Tender & Procurement / PMO

Jul 2020 – Mar 2026

PT. Titis Sampurna Inspection

South Jakarta

Scope: Tender & Procurement Management | TKDN & Legal Compliance | Vendor Coordination | Project Control

- Led end-to-end tender and procurement of goods/services across a portfolio of 200+ tenders, achieving a cumulative IDR 255+ billion in contract wins (~20% win rate) — covering tender document preparation, bid evaluation, and submission compliance.
- Managed TKDN (local content) calculation and compliance for tender submissions, coordinating with legal and technical divisions to meet SKK Migas/Pertamina regulatory requirements.
- Coordinated vendor and supplier engagement throughout the procurement cycle, from qualification and negotiation support to contract administration and delivery monitoring.
- Built and maintained tender tracking dashboards using Notion and Monday.com (Jira-aligned workflow), giving senior management real-time visibility into tender pipeline status and deadlines.
- Performed risk analysis on active tenders and procurement contracts covering cost, delay, and quality dimensions, flagging early warning indicators and recommending corrective actions.
- Managed full tender and contract document lifecycle from initiation through award and closure, ensuring version control and audit readiness.
- Coordinated cross-functional teams across business, legal, and technical divisions to keep tender submissions aligned and stakeholders accountable.

Project Management Consultant (PMC) — Documentation & Control

Aug 2020 – Jan 2022

Pertamina Patra Niaga — Kepulauan Seribu, Banten, Karawang

Jakarta

Scope: Contaminated Lands & Ecosystem Remediation Project — PHE ONWJ

- Managed procurement and contract documentation control for a multi-site remediation project spanning Kepulauan Seribu, Banten, and Karawang, ensuring compliance with Pertamina client requirements.
- Coordinated documentation and vendor-related workflow between project managers, engineers, and client stakeholders (Pertamina Hulu Energi ONWJ and Patra Niaga) to maintain full project and contract alignment.
- Implemented structured document tracking and control processes for procurement and contract files, reducing document errors and improving retrieval efficiency across project phases.
- Ensured all procurement and project documentation met regulatory, HSE, and client-specific compliance requirements throughout the project lifecycle.

Achievement: Awarded Certificate of Project Completion by PT. Pertamina Hulu Energi ONWJ and PT. Pertamina Patra Niaga.

Project Administrator

Jul 2017 – Jul 2020

Pertamina Hulu Energi ONWJ

South Jakarta

- Supported procurement and budgeting activities for upstream oil & gas projects, including tracking of purchase and contract execution against approved budgets.
- Prepared Quarterly Performance Reports covering procurement and project progress for senior stakeholder review.
- Coordinated cross-functional teams to ensure timely delivery of procurement and project milestones.

ICT Support

Jun 2019 – Aug 2020

PT. Titis Sampurna Inspection

South Jakarta

- Supported ERP systems used for procurement and business operations, ensuring system reliability and continuity.
- Resolved technical issues and assisted in system and workflow improvement initiatives relevant to procurement data management.
